

APPLY FOR A MARIE SKŁODOWSKA-CURIE FELLOWSHIP AT THE JAGIELLONIAN UNIVERSITY

JAGIELLONIAN
UNIVERSITY
IN KRAKÓW

The Jagiellonian University is seeking to develop collaborative funding proposals with experienced researchers for submission under the Marie Skłodowska-Curie Individual Fellowship (IF) programme. **Experienced Researcher (ER) must, at the deadline for the submission of the proposal, be in possession of a doctoral degree or have at least four years of full-time equivalent research experience.**

Thematic areas:

- **Experimental pharmacology of endothelium** – supervisor: Prof. Stefan Chłopicki
- **Spectroscopic „label-free” imaging of tissue and cells, ex vivo and in vitro, to follow pathology development and its treatment** – supervisor: Prof. Małgorzata Barańska
- **In the search for early biomarkers of cancer metastasis** – supervisor: PhD Maria Walczak
- **Structural Biology, Crystallography, Electron Microscopy, Cell biology, tRNA modifications, translational control, neurodegenerative diseases** - supervisor: Dr Sebastian Glatt
- **Semiotics, cultural semiotics, South Slavic languages and literatures, the Balkans, Balkan cultures, former Yugoslavia** - supervisor: PhD Maciej Czerwiński
- **Surface-grafted polymer brushes as versatile platforms for confined syntheses of nanoobjects; Hydrogel-based materials for 3D bioprinting** – supervisor: PhD Szczepan Zapotoczny
- **Cultural Rights Education as a Challenge in Contemporary Europe** – supervisor: PhD Leszek Korporowicz
- **Social aspects of nature conservation (human dimension – HD), concerning a wide definition of nature conservation** – supervisor: Prof. Małgorzata Grodzińska – Jurczak
- **Bionanoscience - this is a new area of synthetic biology; Apicoplast gyrases** – supervisor: Dr Jonathan Heddle

If you are interested in the above themes, please submit an Expression of Interest (CV and brief description of your research area) by email to:

anna.dobranowska@uj.edu.pl; katarzyna.kubica-oron@uj.edu.pl

MSCA IFs take the form of European Fellowships and Global Fellowships.

An application must be developed jointly by the researcher and supervisor.

1. **European Fellowships** involve a single host organisation (future beneficiary) established in an EU Member State or Associated Country. The proposal is developed by the researcher together with the supervisor. For European Fellowships the applicants can submit their proposals as a Standard Fellowship to one of the 8 main evaluation panels or to one of the 2 multidisciplinary panels: Career Restart Panel (CAR) and Reintegration Panel (RI). The CAR panel provides financial support to individual researchers who want to resume research in Europe after a career break, while the RI panel is dedicated to researchers who want to return to Europe to reintegrate in a longer term research position.

2. **Global Fellowships** are composed of an outgoing phase during which a researcher spends 1 to 2 years on secondment to a partner organisation in a Third Country, plus a mandatory 12-month return period to a host organisation (the beneficiary) located in a Member State or Associated Country.
