JORDAN PARTNER EXPERTISE PROFILE

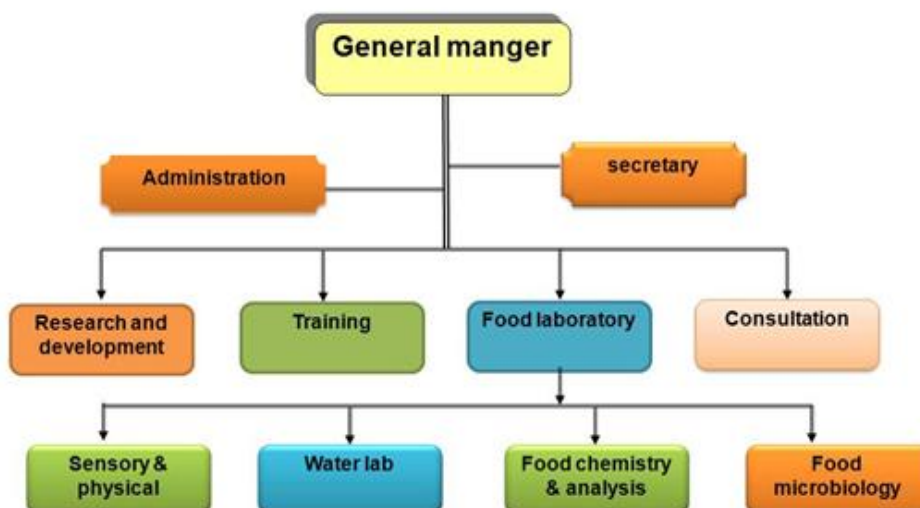

Organisation NAME (website/ PIC code,	Scientific Food Center – Facts PIC number 928563250 Email: info@facts-center.com Web: www.facts-center.com	
Organisation Type	research center	
Organisation Contact Person (email)	Dr. Hanee M. AL-Dmoor Tel: 00962777461218 - 00962796493068 Email: gm@facts-center.com SKYPE: hanidmoor	
Research Field(s); Food , health, agriculture , water and environment	Keywords: Food , feed , agriculture , water , health ,environment	
Short Description of the Organisation		
<p>Scientific Food Center is a research and development center established with the focus to serve a broader category of food businesses worldwide from the farm to the fork. The center provides many scientific services such as analysis, consultation, research, development, assessment for accreditation and training to explain and to solve the problems they are facing. One of the main objectives of the center to be a good supporter for food production through applying and conducting scientific food standards, analyzing of food, training programs and offering other services to achieve the effective partnership with both private and public sectors to develop the quality of food products which results in enhancing the competitiveness of food product. Our center is aiming now to host researchers through the Marie Skłodowska-Curie programme, in the ITN, RISE and IF actions. Meanwhile we are ready to participate in the IF action that is open now till 10th of September 2015 as a Host Organization in Third Country/Jordan.</p> <p>We are a Scientific Food Center in Jordan established with EU funds. Our Center is working as a private research center in Jordan ; agric, Food- water and environment science & technology , Defense, protection , safety, analysis ,quality , consultation, research, training ISO & HACCP , conferences and others of center services . Please open my partner call on linkedin ; https://www.linkedin.com/pulse/20140612164614-69031716-looking-for-partners-for-horizon-2020?trk=mp-reader-card</p> <p>If you have a 5 mints watch our center in YouTube ; https://www.youtube.com/watch?v=hk4vyIGID0</p>		
Research Experience (esp. EU projects)		
<ul style="list-style-type: none"> The center has /works with (20) of Jordanian experts ; (12) of Experts having PhD. , 4 M.sc. and 4 B.sc. researchers Faculties members - differ in the experience, in fields , in works 		

- Food science & technology
- Nutrition
- Biotechnology
- Agriculture- Plant – animal
- Water.

• **Innovative and Research Idea Calls**

1. Wheat / renovate grain quality parameters during wholesale
2. Olive oil quality and adulteration
3. Aflatoxins *occurrence* , detection and limitations
4. Hormone, antibiotic residues in food
5. Pesticides residues in food
6. GM FOOD detection ,effects
7. Bisphenol A and/ or emigrant compounds in food and drinks from plastic packaging
8. Acrylamide in food
9. Functional food new products
10. Nanotechnology applications

- **The center offers: Experts ,Facilities ,Capacities, Scientific services.**

**Marie Skłodowska-Curie
Action(s) of interest?
(If interested in any other
H2020 action please mention)**

- European Training Networks (ITN-ETN)
- European Industrial Doctorates (ITN-EID)
- European Joint Doctorates (ITN-EJD)
- Research and Innovation Staff Exchange (RISE)
- Individual Fellowships (IF)
