

20 - 26
JUNE
2021

PORTOROŽ
SLOVENIA

We are looking for volunteers for the 8TH EUROPEAN CONGRESS OF MATHEMATICS!

The 8th European Congress of Mathematics, planned to be held in Portorož from 20 to 26 June 2021, is **going online!**

We invite you to co-create the biggest scientific event in Slovenia, estimated to host between 1500 and 2000 participants.

You will receive:

- Free access to lectures and other events;
- Support and mentorship;
- Relevant training prior to the event;
- Reference and certification;
- Accommodation in Portorož during the congress.

You are right for us:

- Regardless of your profile;
- If you consider yourself resourceful;
- If you can keep agreements;
- If you speak English, maybe even other languages.

The 8ECM will be using the Zoom Videoconferencing System and volunteers will be in charge of **basic technical support**. The operational part of the event will take place at the Faculty of Mathematics, Natural Sciences and Information Technologies, University of Primorska (Glagoljaška 8, 6000 Koper).

An informal social event will be organized for the volunteers at the end of the 8ECM week, if the public health situation in the country allows it.

You can apply via <https://8ecm.si/volunteers>

Write to us at volunteer.8ecm@famnit.upr.si for more information.
