INVITATION TO THE CONFERENCE

INTERNATIONALISATION OF HIGHER EDUCATION AND THE IMPORTANCE OF EUROPEAN UNIVERSITIES

The conference aims to discuss and share experiences, good practices and challenges among Slovenian universities participating in the European Universities alliances, with a focus on professional development and staff competence building through strategically positioned international mobility as one of the key elements of the alliance, and how this is integrated into the development of the institution and the enhancement of the quality of teaching and research.

Participants will have the opportunity to hear the perspectives of the leadership of Slovenian universities involved in the alliances, as well as to hear examples of good practice in this field.
