

Networking event

“Longevity: Healthy Ageing”

Science and Research Centre Koper,
Grand Hotel Bernardin, Portorož

Monday, 29 September 2025

8:00 – 16:30

Join us for a dynamic networking event focused on fostering partnerships and exploring opportunities for EU funding in the field of longevity. This event will feature expert insights, project idea presentations and engaging discussions among researchers, policymakers, and other stakeholders.

The lineup of speakers includes

Prof. dr. Marcela González Gross from the Technical University of Madrid,
Prof. dr. Anita Hökelmann from the Otto-von-Guericke University Magdeburg,
Prim. prof. dr. Ivan Eržen from the National Institute of Public Health, Mag. Peter Volasko and Nika Merkuš from the Ministry of Higher Education, Science and Innovation of Slovenia, Prof. dr. Branka Javornik from the Biotechnical Faculty, University of Ljubljana, Prof. dr. Sandra Pais from the University of Évora and Prof. dr. Rado Pišot from the Science and Research Centre Koper

To secure your spot, please complete the [registration form](#)
Participation is limited and will be confirmed on a first-come, first-served basis.

We look forward to seeing you!
